USDF S JUDGE

Ulf Wadeborn is a native of Sweden with an extensive equestrian career. Ulf originally came to California on vacation with friend and long time trainer Bo Tibblin and long time friend and associate Maria Torwald. What was supposed to be vacation turned into a partnership offer by Lars. With a background in jumping and dressage, Ulf was educated at Strömsholm, the Swedish National Riding School, and has worked with Bo Tibblin, the former head of dressage training. Prior to him coming to the United States, Ulf worked for Strömsholm, in the capacity as Head of Stable Management, and more recently as a riding and training consultant for the Swedish Equestrian Federation. Besides competing in both jumping and dressage competitions, Ulf is a certified 'R' rated judge within Sweden and he has been awarded his 'R' USEF judging license in the United States and is now accepted into the 'S' program. Ulf is the president of SWANA (Swedish Warmblood Association North America) and he has also become a breeding judge within Sweden. He is a USDF Bronze, Silver and Gold Medalist.
